# **Share Your World - Change a Life**

Are you ready for friendships that last a lifetime?

Hosting a high school exchange student is a great way to experience a new culture right in your own home.

Interested in learning more about how you can expand your family and host foreign exchange students in the Faribault/Shieldsville area for the local high school?

If any families volunteer and decide to host a student, IE would give the church \$200 per family. Please search your hearts to see if your family is able to host a student. It will be a very rewarding experience.
